PROFESSIONAL SYNOPSIS

I am a Certified SAP Functional Consultant specializing in Enterprise Asset Management (EAM) with a **successful history of 1 Greenfield + Support, 1 Brownfield, and 1 Rollout project implementations**. I served as a **Senior Functional Consultant** at Ernst & Young GDS LLP in India, delivering impactful SAP solutions across multiple industries.

My expertise spans the **chemical industry, shipbuilding, and mining**, providing a deep understanding of SAP to tackle complex business challenges. I also have valuable experience as a Mechanical (MEP) Engineer in Dubai, focusing on project estimation and implementation.

My diverse background and technical skills position me to effectively optimize asset management processes and drive operational excellence for organizations.
