KEY HIGHLIGHTS

- ❖ **Application Developer** with **10+** years of strong professional experience in **Cobol/Mainframes Developer**
- ❖ Strong exposure in **Development /Maintenance/ Enhancement** of the Legacy Mainframe applications and Legacy windows Microfocus COBOL applications
- ❖ Having hands on experience in **Banking, Utilities and Health life insurance** domains
- ❖ Involved in all the stages of the development like **analysis, design, build, test and deployment of code** and Hands on experience in writing the **end-to-end test cases** and performed the Sanity test in QA regions.
- ❖ Excellent in developing and maintaining both **online** and **batch** applications.

TECHNICAL / FUNCTIONAL

Technologies: COBOL, VSAM, JCL, CICS, SQL, SAS
Tools: QMF, SPUFI, SUPER-C, ABEND Assist, SPOOL, DF SORT,DITTO, IBM Utilities, TSO, ISPF, Abend aid, FILE-AID, File-Manager, XPEDITOR, JCLPLUS, Paloma, HPDG, ServiceNow, NET Express, Eclipse, PanApt, Panvalet ,TWS, HP ALM, INFOPAC, JIRA,SVN,ROSCOE,Kubra, Endvour, PODS, DCAR, BSDweb, NPSRR
Database: DB2, IMS, SQL Server

MANAGEMENT / LEADERSHIP SKILLS

- ❖ Ability to produce realistic software schedules and Project Management Strategic/Tactical Planning
- ❖ Business Analysis and New appilcation development
- ❖ Ability to write LLD's based on HLD's, BRD's
- ❖ Delivered all functionalities with minimal & zero defects and conducting the P1, P2 bridge calls

EDUCATION

- ❖ B Tech in Information Technology in NEC affiliated to JNTUK, Andhra Pradesh

PROJECT EXPERIENCE

Client : Bank of America, Retirement services
Role : Senior Application Developer, Accenture, Hyderabad (2024 - Till date)
Technologies : COBOL, SQL, CICS, DB2, SQL, TWS, Endvour, PODS, DCAR, BSDweb, NPSRR, File-Manager, IBM Utilities
