WORK EXPERIENCE

Senior Associate, Valuations

2 Years 4 Months

PwC India (AC)

📅 January 2023 – April 2025

📍 Kolkata, India

- Delivered diverse valuation engagements (financial reporting, business & intangibles, derivatives, disputes) for Clients across industries in the global developed markets including Australia and the USA, ensuring technical accuracy and alignment with client objectives. Portfolio of major Australian and global valuation projects available [here](#).
- Managed and mentored team members, enhancing collaboration with onshore stakeholders while optimizing project delivery, resource coordination, and model review.
- Drove operational improvements through process streamlining, compliance tracking, and firmwide initiatives to support growth, capability building, and efficiency.

Senior Associate, Valuations (Secondment)

2 Months

PwC Australia

📅 March 2023 - April 2023

📍 Sydney & Brisbane, Australia

- Delivered investment valuations and impairment reviews for infrastructure and energy assets, supporting financial reporting through robust modelling and market analysis in line with US and Australian reporting standards.
- Strengthened team capabilities by sharing technical insights from PwC's National Valuations Bootcamp and fostering collaboration with senior stakeholders to enhance workflows and identify new service opportunities.

Associate 2, Valuations

1 Year 9 Months

PwC India (AC)

📅 March 2021 - December 2022

📍 Kolkata, India

- Supported end-to-end valuation engagements, including DCF modelling, WACC analysis, and benchmarking using trading and transaction comparables to support investment decisions and transactions.
- Conducted in-depth financial and industry research, delivering valuation memos, reports, and strategic insights for stakeholders.
- Supported business development through proposal drafting, client presentations, and engagement initiatives to drive growth.

Audit Senior (1 year), Audit Assistant (2 years)

3 years

AJ Mohan and Associates

📅 September 2017 - September 2020

📍 Kolkata, India

- Executed risk-based internal audits for Kotak Mahindra Bank and performed Drawing-Power assessments for corporate-loan clients of HDFC Bank, South Indian Bank, and Allahabad Bank, validating collateral quality, credit limits, and regulatory compliance.
- Delivered revenue audits for Central Bank of India, RBI Qualifying-Asset compliance reviews for NBFC-MFIs, and legal-compliance audits for Tata Global Beverages' tea plantations, producing exception reports and improvement roadmaps.
- Led audit procedures for Mondelez International (Cadbury), including asset verification, tagging, and compliance checks in alignment with vendor-distributor contracts; prepared daily MIS reports highlighting anomalies and potential control gaps in inventory tracking.
- Supervised junior staff and liaised with firm partners and clients to deliver timely, high-quality audit outcomes.

Audit Assistant

1 Year

Ray and Ray Chartered Accountants

📅 September 2016 – August 2017

📍 Kolkata, India

- Delivered statutory, internal, and concurrent audits, as well as limited assurance reviews, for listed and private clients across sectors including healthcare, hospitality, manufacturing, steel, power, and professional clubs, ensuring compliance with Indian accounting standards and regulatory requirements.
- Performed end-to-end audit procedures including substantive testing, control testing, vouching, BRS, and financial ratio analysis, identifying control gaps and enhancing the reliability of financial reporting and engaged in preparing audit reports.
- Performed data cleansing and manipulation for data migration project involving SAP implementation for a state government power company, contributing to improved data integrity and financial systems transformation.
