## CAREER OBJECTIVE

To begin my career in the IT industry with a reputed organization that allows me to apply my knowledge of programming, troubleshooting, and software development. I am eager to learn, grow, and contribute to the success of the team while enhancing my technical and professional skills.

## TECHNICAL SKILLS

- **Programming Skills & Data Structure :** C, Java, DSA, OOPS
- **Database :** SQL, SharePoint
- **Cloud & DevOps :** AWS, Kubernetes, Docker, Terraform, Containerization Concepts, GitLab
- **Automation & App Development :** Power Automate Desktop , Power Apps
- **Tools :** Visual Studio Code, Notepad++, GitHub

## EXPERIENCE

- **CoreXTech IT Services Pvt.Ltd. | Ongoing** Pune
  - 1. Collaborating with the cloud engineering team to deploy, monitor, and optimize cloud-based infrastructure and services.
  - 2. Gaining hands-on experience with security best practices, container management, and troubleshooting cloud-related issues.
  - 3. Contributing to automation, documentation, and the development of scalable architecture solutions in a remote, flexible environment.
- **Digitize Solutions** Pune, Aug 2024 - Jan 2025
  - 1. Created workflows and applications to improve business processes.
  - 2. Worked on real-time projects, gaining hands-on experience.
  - 3. Collaborated with the team to enhance processes and systems.

## PROJECTS

- **Expense approval system** Oct 2024 - Jan 2025
  - 1. Automated expense approval workflow using Power Automate Desktop.
  - 2. Developed a Power Apps application for expense submission and tracking.
  - 3. Implemented email notifications for approval status updates.
  - 4. Used SharePoint/Excel for data storage and reporting.
- **Secure Data Sharing and Authorized Searchable Framework for e-Healthcare System** Feb 2024 - May 2024
  - 1. Developed an e-Healthcare System with a secure data sharing mechanism.
  - 2. Incorporated an authorized, searchable framework for efficient medical information exchange.
  - 3. Applied access controls to ensure that only authorized users can retrieve information.
  - 4. Enhanced the quality of patient care and medical decision-making processes.
- **Meter Monitoring Management Using AWS** Aug 2023 - May 2024
  - 1. Designed a scalable platform using AWS tools like IoT Core, Lambda, and VPC for efficient data collection and processing.
  - 2. Implemented serverless computing with AWS Lambda to process and analyze data in real-time.
  - 3. Utilized Amazon S3 for scalable storage and AWS RDS for managing relational data.
  - 4. Enhanced operational efficiency by integrating AWS SNS for real-time alerts and data visualization.

## EDUCATION

- B.Tech Electronics** 2020 - 2024
- Walchand Institute of Technology ,Solapur, India
  - CGPA: 9

## TRAINING/CERTIFICATES

- 1. **AWS Skill Builder:** AWS Cloud Practitioner Essentials, AWS Billing and Cost Management.
- 2. **APTTECH:** Data Structure and OOPS.
- 3. **ETHAN'S TECH:** AWS with DevOps.
