**Intermediate**
2015

**Viswa Bharathi E.M High School, Dharmavaram**
**Schooling**
2013

## 💼 Experience

**Hinduja Global solutions pvt limited**
**Analyst**
Nov 2019 - Jan 2022

**NTT Data Information Processing Services Pvt Limited**
**Security Analyst**
Jan 2022 - Apr 2025

## 📄 Projects

1. Access management Migration to Okta

   Duration: Jan 2022 - Till Date

   Roles and responsibilities:

- Lead migration of Single Sign on from OAM to Okta
- Onboarded 450 plus SAML and OIDC applications into Okta.
- Integrated 10+ LDAP applications with Okta by enabling LDAP interface.
- Managed administrator roles for different application support teams.
- Created API tokens and simulated API calls using Postman to validate access.
- Enabled authentication factors and configured MFA rules to challenge users with MFA based on enterprise

- policies.
- Configured authentication and password policies to enforce organizational requirements.
- Created a questionnaire document and worked on new application onboarding into Okta.
- Created bulk users in Okta using csv import for new applications.
- Created groups and group rules.
- Working on Service now incidents and requests ensuring resolution within SLA.

2. Migration of Access management from CA SiteMinder to Okta.
   Duration: Jan 2021-Jan 2022
   Roles and responsibilities:

- Installed LDAP agent, configured mappings and enabled scheduled import to fetch external users from CA
- SiteMinder to Okta.
- Enabled delegated authentication for LDAP.
- Configured attribute level profile sourcing.
- Configured MFA enrollment, Global session, Authentication and password policies.
- Prepared build guides, test case documents and coordinated UAT for deployments.
- Onboarded around 50 SAML/OIDC applications into Okta for single sign on.
- Provided L2 support for SSO and MFA issues and created knowledge base articles for Help desk.
- Created Issue- Resolution document and updated with resolutions for new issues.

3. Active Directory Operations.
   Duration: Nov 2019-Dec 2020
   Roles and responsibilities:

- Maintaining the User Life cycle (JML process) in Active Directory.
- Creation of Application and Shared Drive Security Groups
- Restriction of existing shared drives and folders
- Creation of new folders in shared drives
- Security Group Amendments (Owner changes, Rename etc.,)
- Creation of individual, Functional mailboxes on Exchange using power shell scripts
- Creating Distribution Lists and objects in AD

## ⚙ Strengths

● Collaborative Team Spirit: Excel in cooperative settings, nurturing a positive team atmosphere and contributing meaningfully to collective success.
● Adaptability & Lifelong Learning: Proactively tackle challenges with enthusiasm, consistently seeking opportunities to grow and exploring innovative approaches.

## 🗚 Declaration

"I affirm that the details provided above are accurate to the best of my knowledge and belief."

T.Prem Kumar.
