- Expertise in understanding and working with Tortoise.

Skills Summary

Domain	Oracle Fusion, EBS
Programming Languages	SQL, PL-SQL, Toad, SQL Developer, SVN, WinSCP, Putty
Operating System / ERP Version	Windows 7, Windows 10

Tools / DB / Packages / Framework / ERP Components	BIP, OTBI, HDL, HSDL, Postman, SQL Developer, Toad, WinSCP, Putty, Oracle Applications R12, OIC, VBCS, Application Composer, Page Composer
Cloud Platforms	Oracle Fusion Cloud, ERP Cloud, Oracle Integration Cloud

Work Experience

Project 1

Project Name	ONSEMI	Team Size	11
Start Date	Dec 2023	End Date	Till Date
Project Description	Onsemi -Support and Enhancements		
Role & Contribution	• Developed and customized complex BI Publisher reports for outbound integrations. • Customized PO PDF Report as per client requirement. • Developed Custom reports in areas like Procurement, Payables, Order Management, Inventory and PDH(PIM). • **Involved in Data Migrations for various objects like Suppliers, Purchase Orders, Items, Item Categories, Payable Invoices from Legacy system(EBS) to fusion using FBDI.** • Involved in Customization of standard workflows using BPM worklist. • Developed new custom reports in Sourcing module like ASL(Approved Supplier List) Report. • Experienced in creating role-based Flex Fields using Page Composer. • Worked on preparation of technical design documents for integrations, reports • and other customizations involving application composer and page composer. • Hands on experience on SOAP, REST APIs for Finance as well as SCM modules.		
Technology & Tools	Oracle Fusion Technical Developer		

Work Experience

Project 2

Project Name	CISCO	Team Size	15
Start Date	Dec 2022	End Date	Till Date

Project Description	CISCO Networks.
Role & Contribution	- Developed and customized complex BI Publisher reports for outbound integrations. - Worked on data migration using FBDI for both transactional as well as master business objects such as journals, invoices, receipts, customers, suppliers, Items. - Worked on integrations using OIC with third party systems EBS, E-genie. - Worked on integrations using OIC with different banks such as HDFC, AXIS, YES. - Worked on preparation of technical design documents for integrations, reports and other customizations involving application composer and page composer. - Hands on experience on SOAP, REST APIs for Finance as well as SCM modules. - Involved in user training for building OTBI reports.
Technology & Tools	Oracle Fusion Technical Developer

Work Experience

Project 3

Project Name	GTPL	Team Size	12
Start Date	May 2022	End Date	Dec 2022
Project Description	GTPL Hathway Limited operates as a media company. The Company provides digital television cable, satellite, wired Internet, movies on demand, and broadband services. GTPL Hathway offers cable TV channels and volume based broadband plans. GTPL Hathway serves customers in India.		

Role & Contribution	- Developed and customized complex BI Publisher as well as OTBI reports. - Worked on data migration using FBDI for both transactional as well as master business objects such as journals, invoices, receipts, customers, suppliers, items. - Worked on preparation of technical design documents for integrations, reports and other customizations involving application composer and page composer. - Hands on experience on SOAP, REST APIs for Finance module.
Technology & Tools	Oracle Fusion Technical Developer

Work Experience

Project 4

Project Name	Avtec	Team Size	12
Start Date	September 2021	End Date	April 2022
Project Description	Signature Aviation is a British multinational aviation services based at London UK		
Role & Contribution	- Developed and customized complex BI Publisher as well as OTBI reports. - Worked on data migration using FBDI for both transactional as well as master business objects such as journals, invoices, receipts, customers, suppliers, items. - Worked on preparation of technical design documents for integrations, reports and other customizations involving application composer and page composer. - Hands on experience on SOAP, REST APIs for Finance module.		
Technology & Tools	Oracle Fusion Technical Developer		

Work Experience

Project 5

Project Name	Signature Aviation	Team Size	20
Start Date	September 2020	End Date	September 2021

Project Description	Signature Aviation is a British multinational aviation services based at London UK
Role & Contribution	• Developed and customized complex BI Publisher as well as OTBI reports. • Worked on data migration using FBDI for both transactional as well as master business objects such as journals, invoices, receipts, customers, suppliers, items. • Worked on preparation of technical design documents for integrations, reports and other customizations involving application composer and page composer. • Hands on experience on SOAP, REST APIs for Finance module.
Technology & Tools	Oracle Fusion Technical Developer

Project 6

Project Name	Oracle Application Labs - OAL	Team Size	30
Start Date	April 2018	End Date	Sep 2020
Project Description	Oracle Application Labs is a research and development organization within oracle based at Bangalore, Karnataka		
Role & Contribution	• Data Integration to sync data from EBS to Fusion (PaaS) • Worked on Development and Customization of BI Publisher Reports and OTBI Reports • Developed Integrations to migrate data from oracle EBS to Fusion • Development, Customization of AOL objects • Involved in usage of REST API in integrating oracle ebs to fusion		
Technology & Tools	Oracle Fusion Technical Developer		

Project 7

Project Name	Yankee Candle		
Start Date	Aug 2017	End Date	April 2018

Role & Contribution	- Handled all Technical activities related to Fusion HCM - Worked on Development and Customization of BI Publisher Reports and OTBI Reports - Developed Integrations to migrate data from oracle EBS to Fusion - Development, Customization and Retro fitment of BI Publisher Reports - Involved in usage of REST API in integrating oracle ebs to fusion

Project 8	
Project Name	Hotel Beds-BI Reports Migration
Start Date	Mar 2013
End Date	Aug 2017
Role & Contribution	- Development, Customization and Retro fitment of BI Publisher Reports - Migrated Oracle Reports to BI Publisher - Developed PLSQL Customizations

Note: For Project 8, Start Date row shows "Mar 2013" and "End Date | Aug 2017".

Project 9	
Project Name	Sai Service Station (EBS Implementation)
Start Date	Jan 2010
End Date	Mar 2013
Role & Contribution	- Development, Customization of BI Publisher Reports - Carried out data Conversions and Interfaces - Developed personalization's
