Profile Summary

Bringing over 13 years of IT experience, with a solid 9-year tenure as an Oracle DBA, I am deeply passionate about optimizing data availability. Proficient in Oracle Database Administration across multiple platforms like Solaris, Linux, AIX, Windows, and HP-UX, I am dedicated to resolving data accessibility issues regardless of the environment. My goal is to ensure seamless access to data whenever needed. My extensive career has honed my profound understanding of the crucial role of high availability, reinforcing my unwavering commitment to this sphere.

Education

B.Tech/B.E., 2007

vishwesvaraya Technological university
